LARGE LIGHT AND POWER ELECTRIC DELIVERY SERVICE

AVAILABILITY

Available for any customer within the territory served by Company that guarantees a demand of not less than 10 kilowatts each month for billing purposes. Available to any qualifying customer regardless of whether that customer purchases electric power and energy from the Company or another supplier.

NET RATE PER MONTH

Customer Charge:

* $175.00 for customers that had less than 10 megawatts peak demand during the previous calendar year, and $394.57 for customers having a peak demand equal to or greater than 10 megawatts during the previous calendar year.

Demand Charge:

$10.00 per kilowatt for all kilowatts of the Customer's monthly maximum demand. The demand charge is applicable to Customers that purchase power and energy from the Company.

Monthly Maximum Demand

The monthly maximum demand shall be the highest rate of use of energy during any 15 consecutive minutes occurring in such month. Company may determine the average lagging power factor each month, and if found to be less than 85 percent, the demand charge in such month shall be increased by an amount equal to 23 cents for each kilovolt-ampere, or fraction thereof, of capacitors required to correct the power factor to 95 percent lagging.

Energy Delivery Charge

* 6.93 ¢ per KWH for all KWH used

Voltage Credit

When the customer agrees to accept delivery of energy at the available primary voltage (a) without additional expense to the Company and (b) the customer assumes the responsibility and expense of subsequent voltage reduction, if any, a credit equal to 6 percent of the amount of the customer's net demand charges will be allowed.

When the customer agrees to accept delivery of energy at the available transmission voltage (a) without additional expense to the Company and (b) the customer assumes the responsibility and expense of subsequent voltage reduction, if any, a credit equal to 10 percent of the amount of the customer's net demand charges will be allowed.
